

Ontelaunee Jr Rifle Report

8/10/2016

Calista and Sarah had a good time at the NRA National 3-P Matches in Bristol, Indiana. Neither one was able to beat out their competitors this year to bring home awards. They gave it their best and will only be stronger for the upcoming matches.

Jeanne had an awesome time at the CMP Camp where she was learning to improve her positions in air rifle. She has been advancing very well and I look forward to her continued growth.

Jenn was not able to attend the NRA Camp as was mentioned in last months report.

One of our newest juniors, Jake Chemnitz, competed in his first outdoor match. This was a league prone match held at Palmyra. He enjoyed the match and had a lot of fun. I think he learned a few new things too. William Hower shot in this match also and did very well. He has been making some major improvements in his outdoor prone.

Two juniors earned their 1st classification cards from the NRA for Outdoor Metric Position. Emma Rhode is now in the "Expert Class", and Madilyn Riegel went right to the top, into the "Master Class".

We are currently performing necessary maintenance for the month of August. Our normal practice schedule will resume in September, or earlier if we are finished.

There are raffle tickets that the Junior Team is selling for a chance to win 1 of 10 Browning Knives. The money raised will be deposited into our Midway Foundation account and Midway will match it dollar for dollar. We have tickets available now and will also have them at the Club Picnic this weekend. As this account continues to grow, it helps to offset team expenses.

The State Prone Championship will be held at Palmyra later this month and we will have a strong showing of Ontelaunee Juniors.

Tom Fister,

Ontelaunee Jr Rifle
