

## Ontelaunee Jr Rifle Report

12/11/2013

Last night was our turn to host the Lehigh Valley Prone League but due to the weather forecast we have moved it to next Tuesday evening.

Megan Waidelich and William Hower competed in the November 80 shot prone match held at Guthsville. For the second time in a row, Megan only dropped one point out of 800.

Kerry Kerschner, Gage Hunsicker, Sarah Frantz, Kaitlyn Frantz, and Megan Waidelich attended the air rifle leagues 3rd match held at Palmyra this past Sunday. This match was shot on electronic targets, which was a first experience for Gage, Sarah, and Kaitlyn. The electronic target system is used at most major championship matches and colleges.

William Dixon took a turn on the electronic target system too. He traveled to the Olympic Training Center in Colorado Springs, Colorado to compete in the "2013 Winter Air Gun Championships". This match is sponsored by USA Shooting and is made up of Olympians, Collegians, and juniors. He performed extremely well and set a new personal best for himself.

We will be holding some additional practices on the upcoming weekends for those juniors who will be traveling to the Jr Olympic qualifying matches. This will hopefully offset the missed practices from the Holidays and better prepare them.

We have reached and gone over our range capacity and cannot accept any new juniors at this time. If there is any new interest in the junior rifle program I will need to place them on a waiting list.

Tom Fister,

Ontelaunee Jr Rifle
