

## Ontelaunee Jr Rifle Report

1/11/2017

The ICRL Friday night league reached the half way point for the season, and it was a match for Sarah Frantz to remember. She had an incredible night, performing some of her best shooting in each position. She finished with a new personal best aggregate score of 571. Our league team is currently leading over 2<sup>nd</sup> place Palmyra. This past Friday was Madilyn's turn to excel and she fired a new personal best score of 565. Also last Friday, Jeanne Haverhill made her way into the Ontelaunee 550 Club, with a score of 550. What an accomplishment for Jeanne, who only started our program last May. Congratulations to Sarah, Madilyn, and Jeanne.

I did not get to see the results from the last air rifle league match, but I'm told Calista made the journey to Seitzland, and was the top shooter there. Congratulations Calista!

We had a total of 10 juniors compete in the Jr Olympic Regional Championship held at DuBois Rifle & Pistol Club. During the International Air Rifle match, Calista and Emma both shot higher than their necessary qualification score. They both will receive automatic invitations to the National Jr Olympics in Colorado, to compete in air rifle. We have several other juniors who shot scores that were close to the automatic invite in both the air and smallbore matches. Invitation scores are lowered sometimes, in the attempt to fill the range at the Olympic Training Center, and we are hoping for that to be the case this year.

Tomorrow night we will be at North End for the next Lehigh Valley Prone League match.

Saturday, 6 of our juniors will be competing in the Palmyra Invitational.

Next week, we are running the CMP and American Legion Postal Matches.

Tom Fister,

Ontelaunee Jr Rifle
