29<sup>th</sup> PDPA+++ Defensive Pistol Larry

## April

Get yur arses back outdoors!

5<sup>th</sup> 5<sup>th</sup> (kind'a) Annual Pro-Am Center fire Pistol Pat (if there's interest)

\***LOW LIGHT SHOOT** (don't be afraid of the dark... learn to love the lamp)

**\*!\* This year the Ghost & Ghouls shoot will be low light AND blind.** If you've never shot one the low-light basic shoots with us, or taken a low-light shooting class you won't be able to shoot this match for score. Depending on your experience level you will either shoot this stage having seen the target layout, shoot it with the lights on, or both. But trust me, it'll still be fun!

++ Short stages followed by Christmas party

+++ Short stages followed by end of season banquet

#This will be a precision rimfire shoot needing both rifle and pistol

^This will be a speed rimfire shoot needing both rifle and pistol
