

## Ontelaunee Jr Rifle Report

8/8/2018

Our team posted some great scores while competing at the Smallbore 3-Position Nationals. In individual “iron” sight match, Calista was 1<sup>st</sup> in the Expert class and High Intermediate Junior. She also was the winner of the kneeling stage with a nice 398 out of 400. In the “any” sight match, Calista again took 1<sup>st</sup> in the Expert class and topped everyone in kneeling with a 397. In the team matches, Calista and Jeanne won the “High Junior Team” award. Calista shot the highest score over all in the “iron” sight team match with a 597, 45x. Emma and Lizzie made up our 2<sup>nd</sup> team but early on Emma was feeling sick and could not continue. Each of our juniors performed very well and had a lot of fun. Just a side note to mention, 6 of the competitors present were representing the Army Marksmanship Program.

Some of our juniors took part in the Keystone Games last month. I've been told it's been many years since the shooting sports have been included in the games. Wilke-Barre Rifle and Pistol Club hosted the event and will be for the next few years. In the smallbore 3-P match, Emma was our match winner and Jeanne took 3<sup>rd</sup>. In the 3-P air rifle and the international (standing) air rifle, Calista was the winner for both.

We are not having regular practice this month but instead are taking care of range and equipment maintenance.

Tom Fister,

Ontelaunee Jr Rifle
