

## Ontelaunee Jr Rifle Report

1/10/2018

After a short Holiday break, we are back to shooting Friday night league matches. Jeanne Haverhill decided it was time for another new personal best, and she shot a 562. Not wasting any time, the following week she did it again, but now with a 566. She's been pursuing a spot on the University of Akron's rifle team, and recently received some great news. Coach Engel of the "Akron Zips" officially asked her to join their team in fall of 2018. At next months general meeting, Jeanne will be signing her "letter of intent" to shoot as a Zip.

We had nine juniors participate in the Jr Olympic qualifier matches, held at Harrisburg Hunters & Anglers. This was the very 1<sup>st</sup> 3-P match Francisco competed in, and only the 2<sup>nd</sup> one for Griffin. Calista and Madilyn shot above the automatic invite score during the 3-P smallbore, and both have secured their spot in the National Jr Olympics, held in Colorado. We have other juniors who are just under the auto invite score and they too will have a chance for invitations.

Quintin Lawley had a great smallbore match at the qualifier as well. His score of 551 adds him into the prestige Ontelaunee 550 Club.

Tomorrow night we will be at North End for the prone league.

Tom Fister,

Ontelaunee Jr Rifle
